Attend Brazen Trainings

There are two trainings to watch through, the Brazen booth training and the Brazen representative training.

Each video is roughly 20 minutes in length and walks you through how to set up your booth as well as how to interact with job seekers during the event itself.

Booth owners must watch through both training pieces to know how to operate the Brazen platform for their company.

Note: If you are the booth owner, it is important to know that you are not by default a representative for the booth. You will need to navigate to the representative tab and add yourself manually.

Begin Setting Up Booth

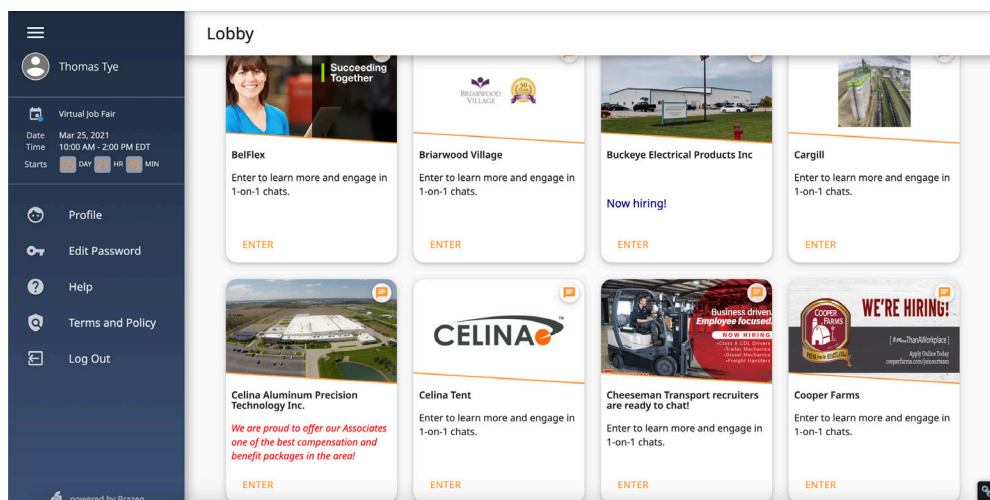

Now that you've completed both the Booth Owner training and the Representative training, you should have a good idea of how to set your booth up for the virtual career fair.

If you are struggling to complete the booth setup, we recommend reading this [guide](#) by Brazen.

If you still need help after reading the guide, visit the SOCHE [website](#) for helpful tips, or email Thomas Tye at thomas.tye@soche.org.

We are working with you through this process to make this a successful event for your business.

Attend the Event

With your booth set up and marketing deployed, you are ready for the event on **Thursday, April 22, 2021, from 10 a.m. - 2 p.m.**

You have up till 9a the day of the event to make any final adjustments to your booth. At that point, Brazen will lock all booths.

All booth representatives should log into Brazen early to be ready to talk to jobseekers via chat and video call at the start of the event.

Your SOCHE point of contact, Thomas Tye, will be available during the event if you have any issues or questions. you can contact him at thomas.tye@soche.org

About the Event

Over the last year, mental health has become one of the most talked about challenges for American workers and their employers. Even with brighter days ahead, the mental health crisis is here to stay and how employers support their employees will become an employee retention and attraction issue as the economy recovers.

In partnership with the American Psychological Association, we are hosting a national conversation on why employers need to support their employees' mental health and how employers can create a supportive culture.
